

A Taste of Plant Spirit Medicine

July 20th- 21st 2019

10-6 Saturday, sacred fire Saturday night, 10-4ish Sunday

Come to a beautiful location in Shropshire near Ludlow and be introduced to Plant Spirit Medicine, a deep and true answer to the imbalance of our time.

Facilitated by Lucy Wells and Pip Waller (www.touchedbynaturepsm.uk) with the blessing of their teachers, the weekend introduces connecting and building deep relationship with nature and the plant spirits. It is good as a stand-alone experience to better understand what this extraordinary medicine is about, and to deepen connection with divine nature, or as an enticement to further study.

Pip and Lucy have practised Plant Spirit Medicine since 2005 after graduating from Eliot 's in-depth healer training in Plant Spirit Medicine.

For enquiries or to book,
